I Ralden Bellanfante is a 44 year old husband and father who has been a farmer in the rural area of Cheapside St. Elizabeth for over 2 decades. I operate on 10 acres of land but only 5 of which is presently used for my farming practices. I engage in mixed farming where I raise chickens, goats and pigs and cultivate a variety of crops such as escallion, tomato, bitter cassava and sweet potato. Farming is my job but is also a hobby as I love what I do and do it whole-heartedly. I have been practicing farming since I was 16 years old and still love it to this day. My aim for the future is to maximize my production by expanding my farm and by doing so, give back to my community and country at large by continuing to produce the finest of crops and provide jobs for other local farmers in and around my community.

A handwritten signature in purple ink, reading "R. Bellanfante". The signature is stylized, with the first letters of the first and last names being large and prominent.
